## CONGRATULATIONS!

Dear Parents,

September 20, 2024

Kindly accept my Words of Appreciation! The Junior Orator Event was exceptionally praiseworthy. Children in all five groups did their level best. The positive feedback I received from the class teachers require a special mention here. The credit goes to you alone. I had congratulated every single child for the speech they delivered for five days on different days.

Please be informed about the feedback that I received from the children today - they want to have it once again in your presence. I told them "A BIG YES" on their promise that they will perform better than the first attempt. Therefore, the Junior Orator - Phase II will be organized with better presentation after the Dasara Vacation. It will be a homework for you and your child during the vacation. Details of the event will be sent to you before October 4<sup>th</sup>. All the best!
