THANK YOU NOTE

Dear Parents & Students,

March 02, 2024

- The academic session will be coming to an end within a few days. It was a fulfilling year with lots of learning experiences. Your teachers played a fundamental role in your life. A good student is the one who reflects on the hard work of the teachers and remains grateful to.
- If you think, your teacher is an important person in your life, please write a few appreciative lines about your class teacher and subject teachers of your respective class on a sheet of paper or on a "thank you" card - well decorated in the best way you can. Maximum size of the paper should be A4 size or half of it. Don't hesitate to ask your parents if you need their assistance. Remember, NO gift for any teacher is expected from you.
- This small effort of yours will speak volumes about the person you are. I appreciate you!
- Give your Thank You Card to your Class Teacher and the Subject Teachers of your Class only on the day mentioned below.
