**With Gratitude and Joy
MISSION SFHS
Reaching out to the underprivilege**

It was truly inspiring to witness the remarkable response of our parents to Mission SFHS — an initiative aimed at nurturing a community of children who learn to share their blessings with those in need.

My heartfelt appreciation goes to all the parents for your acts of kindness, generosity, and concern for the poor and the needy. Your giving spirit is beautifully reflected in the contributions made by your children through their tiny hands. I am sure this experience will help our children to discover the true joy of giving.

The collected items will be distributed to Kolbe Home, Care Shelter Public Charitable Trust, The slums near St. Bed, and Little Sisters of the Poor.

Beyond academics, our children have much to learn — the values of respect, kindness, and compassion. I sincerely hope that this mission continues to inspire our students to show care, love, and understanding towards the less fortunate members of our society.

God bless you.
